

Dear Parents and Community Members,

Aside from home, school is the place where children spend most of their time. Experience shows that schools can be powerful places to make behavioral and environmental changes for students and staff. We have a District Wellness Council that is made up of individuals from the school and community who together address issues facing the health and well-being of our children and youth.

Input from parents and community members is particularly important and we would be honored to have you as a Wellness Council member. Please call the school office at 707-488-2821 if you are interested in getting involved.

Sincerely,

The Orick School District Wellness Council

This institution is an equal opportunity provider.
